

ZOLLER Inc. is headquartered in Ann Arbor, Michigan and is widely known as the international leader in tool measuring and presetting machines, inspection machines, and tool management software. Our company has offices all over the world and is expanding continuously.

We are looking for self-motivated, experienced professionals to join our team. Currently, ZOLLER Inc. is seeking an **ASP.Net Software Developer** for our corporate office in **Ann Arbor, Michigan**.

ASP.Net Software Developer — Ann Arbor, Michigan

Responsibilities

- Creating and implementing in-house web applications with responsive design
- Monitoring application performance at post-deployment stage and making necessary changes if needed
- Analyzing and optimizing existing applications and architectures independently and within a team
- Interact, define and develop optimal software solutions for the project requirements of our customers
- Implementing of the clean code principles
- Managing individual project priorities, deadlines, and deliveries
- Designing, developing, testing, deploying, maintaining and improving software

Requirements:

- Must not now or in the future require sponsorship to work in the United States
- University degree in Computer Science or comparable education
- C# ASP.net MVC experience (Java, PHP, C++ is a plus as well)
- JavaScript & JQuery literacy (3-5 years' experience)
- HTML5 and CSS skills (3-5 years' experience)
- Experience with cloud hosting (Microsoft Azure or others)
- Excellent written and verbal communication skills in English, also in German would be a plus
- Design technical solutions with an eye towards the big picture and the future
- Most importantly, an eagerness to learn and have fun!

This is a full-time position offering competitive salary commensurate with one's experience, 401K with employer contribution, health and dental insurance, PTO and paid holidays. ZOLLER also offers: Flexible time system and work/life balance. Great development atmosphere, powerful PC's, two UHD screens, newest software and ergonomic workstations. Sponsored participation in sport events and team activities. Partially sponsored lunch program, Bistro area w/pool table, and new state of the art building with abundant natural light. Flat hierarchy and a multicultural environment. We are interested in a long-term commitment. Writing and aptitude tests may be administered.
