ZOLLER is ready to accelerate success at its fourth annual Open House & Technology Days

ANN ARBOR, Mich. — Ready to take efficiency in manufacturing to the next level? Make sure to mark your calendars for ZOLLER's fourth annual Open House & Technology Days event.

The popular event will take place May 9-11, 2023, at ZOLLER's state-of-the-art North American headquarters in Ann Arbor, Michigan. More than 300 guests attended last year's event, and organizers expect this year's program to attract even more attention.

Over the span of three days, participants can network and learn from the best in the industry, including ZOLLER experts, loyal customers and other industry leaders. They will discover the latest developments in tool presetting, tool inspection and tool management technology and how the entire process chain of ZOLLER Solutions can increase productivity and efficiency in a connected and scalable way.

More than a dozen speakers are expected to present during the three-day event, which also includes daily German cuisine and an evening happy hour. ZOLLER President Alexander Zoller will provide the keynote address on his vision for success in smart manufacturing at shops of all sizes. Each day will also include tech talks, breakout sessions and live demos, including interactive demonstrations of the new ZOLLER tool balancing and heat-shrinking solutions, toolholders and the »roboSet 2« 24/7 tool inspection automation solution.

Among the exciting sessions being offered this year are:

- ***Inspect your way to success***
 - ***Presenter:*** Werner Lueken, Director of Inspection Solutions at ZOLLER Inc.
- ***Roadmap to success with ZOLLER Solutions***
 - ***Presenter:*** Kevin Townsley, Quality Control Manager at Harvey Performance Co.
- ***Taking control of cutting tools***
 - ***Presenter:*** Jeremy St. Pierre, Principal Manufacturing Engineering at GKN Aerospace
- ***ZOLLER Tool Management Solutions: Driver of digitalization***
 - ***Presenter:*** Joseph Forsyth, Director of Advanced Manufacturing at Intech Medical
- ***ZOLLER Tool Management Solutions: Right tool, right place, right measurement***
 - ***Presenter:*** Cedric Hasenfratz, National Sales & Partnership Manager at ZOLLER Inc.

The Open House & Technology Days event will also feature demos of the entire suite of ZOLLER Solutions. Participants can learn how to implement the industry's best tools to maximize efficiency and control over their tooling and production processes.

Additionally, every attendee will have the chance to win door prizes, as well as access exclusive, event-only discounts on ZOLLER Solutions efficiency bundles. Guest entertainment — and the legendary ZOLLER hospitality — will also be on tap.

Registration is filling up quickly, so reserve your spot today. For a complete schedule of events and to register for the Open House & Technology Days event, visit solutions.zoller.info/en/open-house-2023/home.

More about ZOLLER

ZOLLER is the global leader in complete tool measuring, inspection and management technology. Started in 1945 in Germany by Alfred Zoller, the third-generation, family-owned company has since grown to include 85 sites around the world. Today, ZOLLER offers a complete portfolio of technology for tool presetting, measuring, inspection, balancing, shrinking, tool management and automation. The company founded its North American headquarters in 1997, and in 2018, the company moved into its brand-new facility in Ann Arbor, Michigan. The 44,000-square-foot facility houses the U.S. corporate offices and ZOLLER's Industry 4.0 Tech Center for trainings and demos. To learn more about ZOLLER Solutions, visit zoller.info/us.
