Service and Maintenance

ZOLLER
expect great measures®

Always in top condition

ZOLLER offers you preventative maintenance for your ZOLLER presetting and measuring machine, which provides a long service life, precision and reliability. We also offer quality certificates, calibration services, and targeted training to ensure that your hardware and software is always in top condition.

Our highly trained and equipped ZOLLER service staff is available to install and maintain the measuring machines. They will train your operators and are available at short notice to assist you locally. Furthermore, the ZOLLER hotline supports all of your user and service queries.

Our various preventive maintenance and calibration services ensure excellent service beyond the guarantee period of the measuring machine.

Many of our customers rely on our maintenance contracts to plan scheduled maintenance periods, which reduce service costs and maximize their investments. ZOLLER can also offer you customized packages.
